KEY:

- YOUR JOURNEY
- OUR EXPERTISE
- OUR WORK
- COST CONTROL
- THIS DENOTES A MEETING BETWEEN YOU AND US.

What makes us different?

- ✓ Our architectural design team are equally at home creating spectacular oak frame homes or ultra-modern dream homes without any oak.
- ✓ We have all the expertise in house to take you through design, planning, technical drawings, building regulations and setting up a construction contract.
- ✓ We can find and vet a suitable local main contractor and negotiate a fixed price contract on your behalf, providing peace of mind that the build costs will not run out of control. If you prefer, we can produce a detailed construction pack with finishes schedule for you to go to tender.
- ✓ Our optional contract administration service includes regular site visits, to inspect the works and attend regular site review meetings, ensuring you only ever pay for work carried out to the highest standard.
- ✓ Our expert multi-disciplinary team of architectural designers, engineers, construction specialists, cost experts and project coordinators have been creating award-winning oak frame homes for over a decade and always with outstanding, dedicated, and personal service
- ✓ We listen to your unique brief and aspirations for your new home, as well as your budget and the opportunities the plot provides. Together, we develop a bespoke design that delivers on all these points.
- ✓ At a very early stage, we provide a budget appraisal to test the financial viability of the project. We update this throughout the project, so there are no nasty surprises!
- ✓ With 15 to 20 bespoke home projects running throughout the year, our cost experts have extensive knowledge of current construction rates. They work hand in hand with our architects, designers and technicians to ensure your design is affordable for you.
- ✓ We help you stay in control and make well-informed decisions throughout your project.
- ✓ We are oak frame experts, independent of any oak frame manufacturer, so we can advise how much oak frame makes sense for your project.
